### PERSONALISED LABELLING – HOW IT WORKS

Send us an image or logo and some text, along with the wine you'd like and we'll design, print and apply a personalised label for an additional \$18 a dozen. You can choose anything from our list (might be best to check with us that stock availability is ok) and turnaround takes about a week.

### FUNDRAISING WITH THE WINE POINT

We offer you a selection of wines from our wide range. You add a dollar price onto the cost for your profit margin. We organise a mail order catalogue – take and process the orders, organise delivery and send you your profits.

It's easy – there's no initial outlay or excess stock to consider and we even design a personalised label to make it unique to your organisation.
